

The **Second** Programme

**RowSA Level One Coaches “Be a Coach!”**  
The FISA Coaching Development Program

**TABLE OF CONTENT**

**1. BASIC RIGGING**

- 1.0 Introduction
- 2.0 Measuring Aids and Tools
- 3.0 Terminology
- 4.0 Adjustment of Boats and Equipment

- 4.1 The Length and Placement of the Tracks*
- 4.2 The Angle, Height and Placement of the Footstretchers*
- 4.3 The Spread in Sculling and Sweep Rowing*
- 4.4 The Height of the Swivel*
- 4.5 The Placement of the button on the Oar*
- 4.6 The Pitch of the Blade*
- 4.7 Summary*

5.0 Basic Equipment care

- 5.1 Maintenance*
- 5.2 Simple Repairs*

6.0 Appendices

- 6.1 Appendix A. Standard Procedure for the Preparation and Adjustment of the Boat and Equipment*
- 6.2 Appendix B. Table for Measuring Pitch of the Blade*
- 6.3 Appendix C. table of Recommended Measurements*

**2 – BASIC ROWING PHYSIOLOGY**

- 1.0 Introduction
- 2.0 The Rowing Motion
- 3.0 The Rowing Race
- 4.0 Endurance Capacity
- 5.0 Aerobic Metabolism

- 5.1 The Oxygen Transportation System*
- 5.2 The Major Components of Oxygen Transportation*
- 5.3 Limitations*

- 6.0 Anaerobic Metabolism
- 7.0 Measurement
- 8.0 Training Methods

- 8.1 *The Lungs*
- 8.2 *The Heart*
- 8.3 *The Muscle Cells*

## 9.0 Summary

### **3 – BASIC ROWING TECHNIQUE**

- 1.0 Introduction
- 2.0 Why Technique?
- 3.0 Physical Laws
- 4.0 Dynamics of Rowing
- 5.0 Mass + Movement = Force
- 6.0 Phases of the Stroke
  - 6.1 *Preparation*
  - 6.2 *Entry and First Half of the Drive*
  - 6.3 *Finish of the Drive*
  - 6.4 *Finish and Release*
  - 6.5 *First Half of the Recovery*
  - 6.6 *Second Half of the Recovery*

## 7.0 Summary

### **4 – BASIC TRAINING METHODOLOGY**

- 1.0 Introduction
- 2.0 Basic Principles of Training
  - 2.1 *Active Participation*
  - 2.2 *All-Around Development*
  - 2.3 *Specialization*
  - 2.4 *Individuallisation*
  - 2.5 *Variety*
  - 2.6 *Progressiveness of Training*
  - 2.7 *Systemisation*
- 3.0 Periodisation
  - 3.1 *Training Load*
    - 3.2 *Training Cycles - The Wave Principle*
    - 3.3 *Planning each Training Period*
    - 3.4 *Planning each Training Cycle*
    - 3.5 *Planning each Training Session*
    - 3.6 *A Yearly Training Program*
- 4.0 Planning a Training Program
  - 4.1 *Establish an Objective*
  - 4.2 *Develop a Systematic Plan*
  - 4.3 *Implement the Plan*
  - 4.4 *Monitor and Review the Plan*

## 5.0 Summary

- 6.0 Appendix
  - 6.1 *Appendix A. Wave Principle of Training*
  - 6.2 *Appendix B. Club Training Program*

### **5 – GENERAL FITNESS TRAINING**

- 1.0 Introduction
- 2.0 Main Features of Sport Training
  - 2.1 *Goal Oriented*

- 2.2 *Group Training*
- 2.3 *Effective Training*
- 2.4 *Systematic Training*
- 2.5 *Scientific Training*
- 2.6 *Role of the Coach*
- 3.0 Main Features of General Fitness Training
  - 3.1 *Mobility*
  - 3.2 *Strength*
  - 3.3 *Endurance*
- 4.0 Mobility
  - 4.1 *Development of Mobility*
  - 4.2 *Factors Affecting Mobility Training*
  - 4.3 *Mobility Exercises*
- 5.0 Strength
  - 5.1 *Development of Strength*
  - 5.2 *Factors Affecting Strength Training*
  - 5.3 *Strength Training Exercises*
- 6.0 Endurance
  - 6.1 *Development of Endurance*
  - 6.2 *Factors Affecting Endurance Training*
  - 6.3 *Endurance Training Methods*
- 7.0 Summary
- 8.0 Appendix

## **6 – LEARNING METHODOLOGY**

- 1.0 Introduction
  - 2.0 Principles of Planning and Organization
    - 2.1 *Objectives*
    - 2.2 *Organisation*
  - 3.0 Presenting New Information
    - 3.1 *Introduction*
    - 3.2 *Demonstration*
    - 3.3 *Practice*
    - 3.4 *Feedback*
  - 4.0 Stages in Learning
    - 4.1 *The Early Stage*
    - 4.2 *The Grooving Stage*
    - 4.3 *The Automatic Stage*
  - 5.0 Communication
  - 6.0 Summary
  - 7.0 Appendices
    - 7.1 *Appendix A. Presenting New Information*
    - 7.2 *Appendix B. Coaching Checklist*
    - 7.3 *Appendix C. Communication*
- REFERENCE MATERIAL**
